

FLEX B- 2722

Temporary protection for all kind of surfaces (flat, vertical and inclined).

Very useful and versatile universal guardrail thanks to the rotation of the plate around the axis of the upright. It can be installed on all types of surfaces, whether they are flat, inclined or vertical. The lower support is sliding in order to adapt to any size of installation.

Certified in accordance to EN 13374:2013 class A and class B.
