

FLEX B- 2755P

Adjustable protection system for gangway.

This device allows the creation of gangways without the use of scaffolding; it is possible to create a suspended walkway without the use of lower safety decks. The toeboard is sliding in order to adapt to any size of installation. Particularly suitable for restorations and roof renovation, this system is more convenient way than scaffolding.

Post max. Height: 0 - 150 cm.

Certified in accordance to EN 13374:2013 class A and class B.
